

Job Description Finance Division – Controllers - Bengaluru

Role Profile

WHO WE ARE

The Goldman Sachs Group, Inc. is a leading global financial services firm providing investment banking, securities and investment management services to a substantial and diversified client base that includes corporations, financial institutions, governments and high-net-worth individuals. The firm is headquartered in New York and maintains offices in London, Frankfurt, Tokyo, Bangalore, Hong Kong and other major financial centers around the world.

CONTROLLERS OVERVIEW

We are a global team responsible for ensuring the accuracy of the firm's financial and regulatory information by complying with the rules and regulations governing financial markets worldwide. As well as managing both internal and external financial reporting, our expertise plays a key role in the firm's business planning decisions around allocation of scarce financial resources such as capital and balance sheet. We partner with the business in providing advice on accounting, valuation, capital, liquidity, reputational risk and other regulatory considerations when executing business with our clients. Controllers is ideal for individuals who want to work and learn within our strong culture of teamwork and collaboration.

WHAT CONTROLLERS DO

Teams are responsible for profit and loss reporting and analysis, independent valuation, capital analysis, regulatory and financial reporting. Our teams work across the firm's businesses, using their expert analysis to ensure the internal and external financial information of the firm is accurate and that the firm meets the financial control and reporting obligations of a global, regulated and public financial institution. Controllers have an analytical mindset, exhibit intellectual curiosity and are from diverse academic backgrounds.

This position description is intended to describe the duties most frequently performed by an individual in this position. It is not intended to be a complete list of assigned duties but to describe a position level. The role shall be performed within a professional office environment. Goldman Sachs has health and safety policies that are available for all workers upon request. There are no specific health risks associated with the role.
